

This Week at Deroche!

Date: April 16, 2018

Dear Parents and Guardians:

Pictured below is a beautiful, but expensive, playground structure. The dream of the PAC in our school is that we can buy something like this someday. I believe this dream could be a reality if members of our community continue to work as hard on fundraising as they did this past week collecting recyclable cans, bottles and juice boxes. Our PAC group collected **\$2,110.00!** What a tremendous group effort and an indication of what we can accomplish when we work together for a common goal.

Upcoming Events:

- April 20 - PAC Movie Night, 630 pm (PAC will confirm details shortly)
- April 20 - **Celebration of Learning Day and Salmon Ceremony/Fish Release**
- **Please have your child bring a 2-4 liter plastic container if possible.** Students will be treated to a hot lunch after the fish release.
- May 3-4: District Track & Field Meet
- May 8 - Grade 6 Immunizations at 10:30; Staff Meeting (Jenn on treat list)

THANK YOU's to: Janet McDonald, Jason and Tammy McDonald, Krista Faye Garceau, Chrystal McCallum and Cheryl McDonald for their work collecting and sorting bottles on Saturday. Thank you as well to Kasey Cavanagh and Pat Mihalicz for the truck loads of bottles delivered earlier in the week and to Leah Shepherd with help collecting plastic containers for our fish release and materials to strengthen our stream side. Thank you to Debbie and Ryan McLean for working for several hours planting large trees to provide shade for our stream. Finally, thanks to Mrs. H. and Colleen & Elsie Provost for helping with some of the burning on Saturday. Great work Deroche Bear Community!
