BULLETIN #8

PRINCIPAL'S MESSAGE: Dear Bear Nation: Our innovative staff decided to change the way we conduct Celebration of Learning assemblies. Instead of one class presenting a Sacred Teaching each month, we now have a few students from all classes presenting at each assembly. As you can see, a Kindergarten student and Ms. Macintosh were speaking about "love" as were two students from Mrs. Takhar's class. All the students that presented did an awesome job. Also above is our staff talking about better ways to shovel gravel in the outdoor classroom. I guess since they shoveled for two hours, an answer was not found! Constantly thinking of ideas to improve our practices, combined with hard work, make for successful outcomes, and we are fortunate to have a such a fine staff that do both so well!
