

Deroche Elementary Bear Nation Weekly Bulletin

MAY 22, 2020

BULLETIN #30

PRINCIPAL'S MESSAGE: Dear Bear Nation,

As we enter a new phase of our response to the COVID pandemic, for some of our families it means venturing out of protected environments, and for others it means persevering in staying isolated. Whatever your situation will be, I think it is more important than ever to focus on some of the important guiding values and memories that are part of our school.

For one, we love to be together and to celebrate our successes.

Two, we want to learn about, and better appreciate our cultural backgrounds.

Three we love the outdoors, working together to protect it and make it a wonderful place to be learning.

Four, we love to have fun and we know hard work at our studies will give us future opportunities.

Keep your chin up bears, focus on what we know is good, and don't lose hope we will be back together eventually! The Best Is Yet To Come!

Mike Abercrombie - Principal

DISTRICT & SCHOOL ANNOUNCEMENTS: Remember, starting the week of June 1st, Elementary parents in BC have the option to send their children two days per week. Many parents have told us their preference is to return to school and we will be confirming with you next what days you want to attend. Of course our staff will be working hard to keep the online lessons and learning packages coming throughout the month of June.

WITH THANKS: to some of our sponsors for their support, ISTHMUS and President's Choice and PAC for the food and Mission Ridge Aggregate for the load of gravel for our outdoor classroom.
