BULLETIN #23

PRINCIPAL'S MESSAGE: Dear Parents, Grandparents, and Guardians: As you can see outdoor education has engaged many of students recently. Mrs. MacLean's Gardening Club has embarked on many excellent learning projects which are transforming the grounds of our school. Similarly, Ms. Edenborough's Grade 1/2 class has designed and been constructing a beautiful garden and reading area right outside their classroom. Finally, this past Saturday some of our students and staff participated in a ground breaking ceremony at the FVRD Access Center to kick off a food growing garden and learning site on the same property. Former Deroche student Noah Gray, from the Scowlitz Band, who is a grade 12 Student at MSS and his brother Ryan, who attends Deroche now, did a fine job commencing the ceremony with drumming and singing. It was a proud moment for our school, and we are excited to watch the garden project develop and to have our students help when we can.

Mike Abercrombie - Principal
