

Outdoor Education

Lesson 1 : Grades K-2

Birds of a Feather

Birds of a Feather

I can learn about birds by observing them.

**How many birds do
you see?**

5

11

51

??

Have you seen a **flock** of birds in a tree near where you live?

What does “flock of birds” mean?

**A flock of birds
is a big group of birds
being together.**

This is a flock of geese.

This is a flock of

Your turn.

Go outside and find flocks of birds.

How many do you see?

Did you count one by one or in groups?

Song Sparrow

With appreciation, this picture is from this website: <http://www.vancouverbirdweek.ca/common-garden-birds/>

What kind of birds do you see?

What sound do they make?

Can you make that sound?

Happy Bird Watching!
