BULLETIN #32

PRINCIPAL'S MESSAGE:

Dear Parents, Guardians, Relations, and Supporters of Deroche Elementary:

As the above depicts, we continue to do our best each week to help children work hard to build a future for themselves, filled with choices for fulfilling work and opportunities to work together, as the students from Division 4 did this week. Also above, is a child wearing a mask, even outdoors, which is meant to symbolize that we are still trying to battle the pandemic. Finally, last week we were visited by two unfamiliar things. The skunk, which came on our school grounds early one morning, kept me longer in my car than any bear I have encountered. The other kind of "stinky" thing was our first COVID exposure at school. Thankfully the student is fully recovered and very few days of learning had to be lost. I guess we spoke to soon last week in expressing pride in our previously perfect record, but we remain very hopeful, and are grateful for all the efforts our staff and community are doing to keep us safe. *Mr. A*
